Our Mission

We provide a learning experience and environment at Maria International that fosters creativity and excellence. Whilst providing supportive, stimulating and relevant lessons and resources within the context of the British style international curriculum.

Our school will be a caring place where adults and children are valued equally. Our aim is to create an environment where children and the whole school community will be inspired to be resilient, respectful, compassionate and act with integrity.

Our children will learn to respect themselves and others in an atmosphere of high expectations where they are nurtured and dare to make mistakes

We will strive to create opportunities for students to have a well-rounded school and learning experience, where they can develop critical thinking skills and work in collaboration with others.

Our Values

Resilience - We will handle adversity and problems with a mentality that enables us to keep going and do better.

Respect - We treat others with dignity, empathy and equality through our words and actions.

Compassion - We are kind, caring and will help everyone to be the best they can be.

Integrity - We are open, honest and act with good morals and ethics in all situations.

Responsibility - We ensure our own work, learning and duties are completed in a timely manner and to a high standard

Rationale

Maria International recognises the important influence that schools and educators have on those being educated and also affects the broader attitudes of society. It is therefore important to Maria International to promote and nurture the correct attitudes. This means that as a member of the Maria International community we acknowledge that every person in society is unique and has characteristics that can be more or less visibly different from another individual in the same society, these differences can be an issue of personal sensitivity. However, regardless of these differences, we expect that all members of society be treated with equal respect, sensitivity and are equally entitled to access the facilities, resources and opportunities available within and through the school.

Aims

At Maria International, it is our objective to educate, prepare and develop all in our community, especially our students, regardless of gender, ethnicity, religion, disability, sexuality, and culture. We expect that our students and staff contribute fully to creating a respectful, tolerant, caring and happy environment and this can be done by showing respect for, and appreciation of, one another as individuals.

It is Maria International's aim to equip our students with an education that helps them understand and encourage diversity so that they can appreciate and value any culture that they happen to be in. It is also important that our students value the different aspects that diversity can bring to a culture and that we should encourage and support those who are different from ourselves, and who may be self-conscious of those differences.

This Equal Opportunities Policy intends to lay out the clear expectations put forth by Maria International in regards to Equal Opportunities for all members of our diverse community to ensure that all have equal access to the variety of opportunities available and details the specific responsibilities of staff in ensuring that these expectations are met.
